New Idaho Code 20-511(3) adds a new provision to Idaho Code 20-511 that allows dismissal of a juvenile case if the Judge grants an informal adjustment and the juvenile offender successful completes the requirements of the informal adjustment. This provision would clarify the authority of Juvenile Courts to dismiss cases when an informal adjustment is granted.

New Idaho Code 20-520A adds a new law that allows a juvenile court to dismiss a juvenile case upon a juvenile offender successfully completing and graduating from an authorized juvenile drug court program, juvenile mental health court program or other authorized problem solving court program. This provision is similar to Idaho Code 19-2604(b) that allows adult offenders to have their cases dismissed upon completion of authorized drug or mental health court program.
